NOPA Retracts July 21 Statement Regarding Alleged ‘Kickbacks’ to U.S. Communities

Alexandria, VA – September 28, 2009 – The National Office Products Alliance (NOPA) is retracting a statement that it issued in a July 21 press release in which it referenced the allegation it made to the California Attorney General of ‘kickbacks’ NOPA claimed were made to U.S. Communities. NOPA acknowledges it has no knowledge of ‘kickbacks’ being paid to U. S. Communities nor does NOPA have knowledge of any investigation of U.S. Communities as an organization. It regrets that its statements may have suggested otherwise.

Accordingly, NOPA has removed the July 21 release from its website, along with testimony of one of its directors in the California legislature on August 19 that also referred to ‘kickbacks.’

About NOPA

The National Office Products Alliance (NOPA) is the trade Association for independent office products dealers and their trading partners. Founded in 1904, the Association provides government advocacy, research, information, and networking services to office products dealers and their key business partners. More information on NOPA resources is available online at www.nopanet.org or by calling (800) 542-6672.
